CITY of OTTAWA

PROJECT

PINEVIEW  
MUNICIPAL GOLF COURSE  
MAINTENANCE  
BUILDING

The City of Ottawa leases land from the National Capital Commission to operate the Pineview Municipal Golf Course. PPAL was retained by Pineview to obtain the necessary approvals from the National Capital Commission for the construction of a new maintenance building and storage facility. As the project affects federally owned lands, the process involved a thorough review of site options and a careful assessment of the preferred site prior to permissions being granted for construction. The new building and facility have since been built.
